Alderman Schmidtke called the Fire Committee Meeting to order.

Schmidtke stated that we have a Resolution to authorize the treasurer to compromise and resolve an ambulance lien. I have read over this and recommend that we don't pass this because the gentlemen is going to end up with \$3,882.32 and he would like us to forgive his ambulance bill which was approximately \$735.00 he wants' to pay \$145.00 for the ambulance service. I recommend that the council doesn't approve.

Discussion by the Mayor, City Attorney and the Council about the ambulance bill. Attorney Konzen explained the law to the council.

Motion by Williams, second by Jackstadt to approve the Resolution to authorize the Treasurer to compromise and resolve an ambulance lien. All Voted Yes. Motion Carried.

Motion by Schmidtke, second by Pickerell to adjourn the Fire Committee Meeting. All Voted Yes. Motion Carried.

Meeting Adjourned.
